

SUBMERSIBLE

DOMESTIC DRAINAGE

MINI 400

- 32mm (1¼") outlet
- manual
- automatic
- 230 volts
- ✓ Cellars
- ✓ Sumps
- ✓ Transfer
- ✓ Irrigation

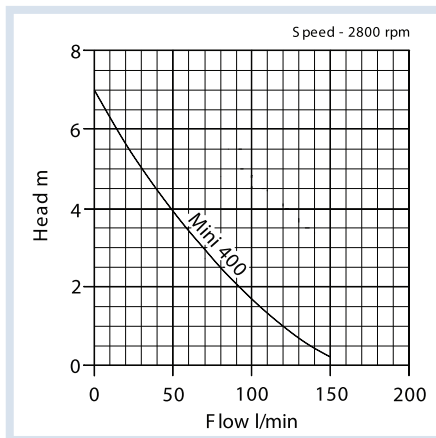

The **MINI 400**, in engineering plastic and 304 stainless steel, is designed for clean water use in domestic and some industrial applications. It's compact design makes it particularly suitable for small sumps or areas with restricted space. The 420 stainless steel shaft is fitted with lip-type seals. They are not recommended for ponds. Supplied with 10 metres of H07RN-F rubber power cable.
